

**Put It On The pod**

It looks and feels like a beanbag, but a beanbag it isn't. The *pod* is a new, compact camera platform that can support most makes and models of consumer digital cameras, SLRs and pocket cameras. Made by The pod, the water-resistant platform weighs 1 pound, and measures 5 inches wide x 2 inches high. The suggested retail price is \$16.99. For more details, check out [www.thepod.ca](http://www.thepod.ca).
